September 11, 2026
TWIMC,

We are pleased to inform you, Ines Caloisi, that your paper, "Can Responsibility Be Measured? Cultural Mediation and the Operationalisation of the RESC Framework in AI-Mediated Decision-Making" has been accepted for presentation at IDeaS. The IDeaS conference is a computational social science conference, where participants are invited to present papers for feedback before submitting them to the Computational and Mathematical Organization Theory. It is to be held in Pittsburgh PA on October 12-14, 2026.

This letter serves as the formal confirmation that Ines Caloisi has been invited to attend and speak at IDeaS, taking place from October 12, 2026 to October 14, 2026 at Gates Hillman Complex, 4902 Forbes Ave, Pittsburgh, PA 15213. The Gates Hillman Complex is on the Carnegie Mellon Campus.

Please reach out if you have further questions.

Sincerely,

Prof. Kathleen M. Carley
Professor of Computer Science
Director of the Center for Computational Analysis of Social and Organizational Systems (CASOS)
Director of the Center for Informed Democracy & Social-cybersecurity (IDeaS)
Institute for Software Research
Carnegie Mellon University
Pittsburgh, PA 15213
